

Have you ever wondered what it would be like to have a partner on the construction site who is **always on time, never sick and still gets the job done** as perfectly after 10 hours as after 10 minutes? May we introduce: The oneMIX 340, your ultimate mixing buddy. Always **dependable results**: after a day, a month or even a year. Since he's already a big boy, you won't have to look after him at all.

#TURN
YOUR
BACK
ON IT

The expert for soft-plastic to heavy materials, including:

The Ultimate Mixing Buddy

MADE IN

GERMANY

1 BAG
2 MAN
3 MACHINE

#ONE
BAG
WONDER

Mix one bag at a time.

No more, no less. Why? Because it's much more practical for you. No more annoying transferring because the bucket is too heavy to be carried.

Greetings from your back: You're friends again now.

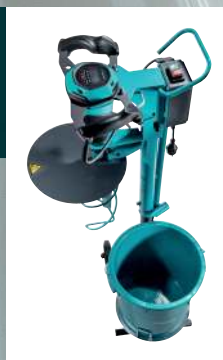

CLEAN BUCKET CLEAN MIXTURE

The edge scraper prevents deposits on the bucket wall that contaminate the result.

CONTROL TIME AND SPEED

The oneMIX 340 is based on the revolutionary XQ technology including time and speed control.

THIS WILL TURN YOUR HEAD

Changing the bucket or loading it with material is as simple as swiping through your pictures on your mobile phone.

#FREEDOM IS WHAT YOU MAKE OF IT

It's clear that there's no room for mistakes on the construction site. Sometimes there's not even enough room for your mixer. The oneMIX 340 solves both problems by **giving you the freedom to work wherever you want—without compromising on quality.** It follows you wherever you go, just like your own shadow.

»I don't have room in my truck for a large machine, nor can I lift an automatic mixer all by myself. The oneMIX 340 is different. It follows me anywhere.«

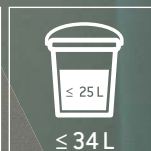

Jasmine De Santis, 31, Decorative Plasterer

#LIGHT WEIGHT CHAMPION

Do you work alone? If you're a lone wolf, you'll love the oneMIX 340. It's designed for craftsmen like you. Never before has a Collomatic mixer been as light as the oneMIX 340. **You can easily handle it all by yourself.** Into your car, out onto the construction site and get to work. Don't worry: It's still Collomix-tough and easily mixes its own weight in material. I guess we have a winner right there.

»As a tiler, you're almost a generalist these days. The oneMIX 340 is the first machine that fulfills 100% of my needs as a solo worker.«

Benjamin Schrader, 34, Tiler
